

Aduekpe's Success Excites VC, Varsity Community

A 400 level student of Accounting & Finance Department, McPherson University, Miss Precious Aduekpe, has distinguished herself in the national examination becoming the second McPherson University student to become a Chartered Accountant as an undergraduate.

Miss Aduekpe excelled at the final stage of the Institute of Chartered Accountants of Nigeria (ICAN) professional examinations few months after completing her 300 Level second semester examinations. The ICAN examination is unarguably the most prestigious professional examination in Nigeria.

The news of Miss Aduekpe's success excited the Vice-Chancellor, Professor Adeniyi Agunbiade, the University Management and the University community.

The Vice-Chancellor, while praying for her during the staff and student fellowship on Wednesday, January 15, 2020, described Miss Aduekpe as a 'rare gem and a role model indeed' while urging other students to emulate her studious lifestyle.

"We stand for excellence in this University. It is a culture we must all imbibe that we don't only excel, here at home, but nationally and internationally. Precious has demonstrated that we are champions, indeed. I urge other students undergoing different professional examinations to brace up and stand out!", the University helmsman added.

According to Dr. Lawal, "Precious has proved again that products of McPherson University can compete favourably with students from any ivy league university in Nigeria and beyond. With the quality of education we are giving our students, I am optimistic that they will always distinguish themselves".

Aside Precious Aduepke, Miss Aanuoluwa Soladoye equally passed a stage of the examination with exceptional grades, which was also specially commended by the Vice-Chancellor and the Head of Department of Accounting & Finance.

Aduekpe has joined the group of Miss Temiloluwa Sholola and Miss Olu Virtue who became chartered few months after their graduation from the University.
